## CESQG HAZARDOUS WASTE RECYCLING/DISPOSAL PROGRAM

The Orange County Environmental Protection Division (EPD) is promoting Pollution Prevention (P2), to eliminate discharges of hazardous substances/waste from harming our environment.

In our ongoing efforts to assist the businesses of Orange County, EPD and the Orange County Utilities Solid Waste Division, have implemented a program to assist Conditionally Exempt Small Quantity Generators (CESQG) with their hazardous waste recycling/disposal.

A CESQG is any business that generates no more than 100 kg (220 lbs.), which is about half a 55-gallon drum of hazardous waste, in a calendar month.

## Hazardous Waste Collection Days and Drop-Off Location

**Purpose** - To provide small businesses with a convenient and inexpensive alternative to recycle/dispose of their hazardous waste.

**Arrangements** - Call Customer Service at (866) HHW-CARE. They will inquire what type and amount of waste you want to dispose of and make payment arrangements. Appointments are not made through this Customer Service line.

**Scheduling** - After making payment arrangements with Customer Service, **call (407) 252-2487 to schedule an appointment.** They will be made for the LAST DAY of the month. If the last day of the month falls on a weekend then the scheduling day will be the last Friday of that month.

**Location** - Orange County Landfill, located at 5901 Young Pine Road in Orlando. The CESQG Facility is located adjacent to the Household Hazardous Waste Facility. Bypass the scales by using the right pass through lane and follow signs to the "Household Hazardous Waste" Facility.

**APPOINTMENTS MUST BE MADE PRIOR**

## Packaging and Labeling

- ◆ Do not mix wastes - each waste stream must be kept in separate containers.
- ◆ Label waste properly - such as used oil, used antifreeze, spent solvent.
- ◆ Flammable liquids such as paint waste with solvents, mineral spirit, lacquer thinner, and other petroleum distillates should be labeled "Hazardous Waste."
- ◆ Do not transport waste in glass or leaking containers.
- ◆ Prior to transporting waste, be sure close all containers to prevent accidental spillage.

## Price List - Hazardous Waste Disposal

Waste Type	Examples	Rate
Flammable Liquids	solvents, mineral spirits, gasoline, diesel, petroleum distillates	\$0.40/pound
Flammable Solids	resins, roofing tar, solidified solvents	\$0.55/pound
